Q1. Does the provision cited in the referenced DOTD RFQ on page 1 apply? Specifically, the requirement reads: "All requirements of Louisiana Professional Engineering and Land Surveying (LAPELS) Board must be met at the time of submittal."

A1. Since no requirements are listed for Engineers or Surveyors existing in the minimum personnel requirements, the statement "**All requirements of Louisiana Professional Engineering and Land Surveying (LAPELS) Board must be met at the time of submittal.**", has no meaning for this advertisement.
